1. You have added an animation to a piece of text on a slide. When you open the Animations Pane you can see the animation listed and it has a yellow star beside it. What kind of animation is it?   **1 / 1 point**

   ⦿ An Emphasis Animation

   ○ An Entrance Animation

   ○ An Exit Animation

   ✓ **Correct**
   Correct! The Emphasis Animations all have yellow stars beside them. These are Animations that will only work on content that is already visible on the slide.
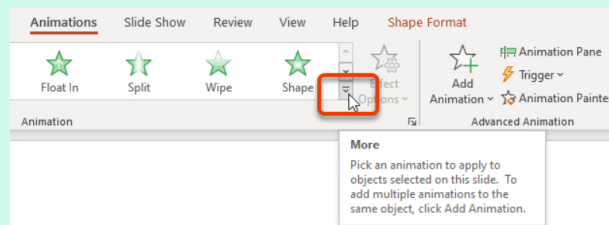

2. You would like to add an Exit Animation to an item on a slide. When you go to the Animations Ribbon, you can only see Entrance Animations in the gallery. Where do you need to click to see a full list of animations?   **1 / 1 point**

   ○ Click on the Add Animations command on the Animations Ribbon.

   ○ Open the Animation Pane

   ⦿ Click on the arrow in the corner of the Animations Gallery.

   ✓ **Correct**
   Correct! When you first go to the Animations Ribbon, only the top line of possible choices is visible in the Animation gallery. To see a full list of Animations available you click on the More arrow in the bottom right-hand corner of the gallery.

3. You have added an Appear Animation to an image on the slide. You would like it to then move sideways to allow for other elements that you will be bringing on to the slide. How would you do this?   **1 / 1 point**

   ○ Select the image. Go to the Animations Ribbon and click on the drop-down on the Animations Gallery. Choose an effect from the Motion Paths category.

   ○ Select the image. Go to the Animations Ribbon and click on the drop-down on the Animations Gallery. Choose another effect from the Emphasis category.

   ⦿ Select the image. Go to the Animations Ribbon and click on the Add Animations drop down. Choose an effect from the Motion Paths Category.

   ✓ **Correct**
   Correct! If you make another choice in the Animations Gallery, you will replace the Animation that is already there. To add another layer of animation, you need to use the Add Animation button. The Motion Path effect is the Animation which will move the content on the slide.
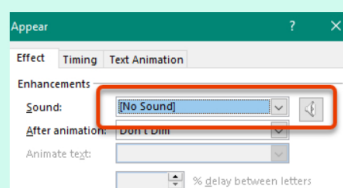

4. You have added an Animation to a shape on the slide. How would you add a sound effect to accompany the Animation?   **1 / 1 point**

   ○ Open the Animation Pane and click on the Add Sound Effect button there.

   ○ Go to the Insert Ribbon and use the Audio button to add a sound clip.

   ⦿ Select the Animation in the Animation Pane. Click on the drop-down arrows to open the Effect Options box and choose a sound effect.

   ✓ **Correct**
   Correct! One of the choices in the first tab of the Effect Options is a drop-down choice of sound effects.

5. You add a Line Motion Path Animation to an element on a slide. What does the green symbol indicate?   1 / 1 point

1

◉ Where the Motion begins

○ Where the Motion ends

○ The speed of the Motion Path

✓ **Correct**
Correct! When you apply a Motion Path Animation to an element, the green icon indicates where the Animation motion begins.
